DAIT Partners

Creative Thinking. Global Reach.

Creative Excellence. Global Delivery.

Brand, collateral and presentation design for US and Canadian businesses — from one accountable creative team.

Creative Services

Presentation & Document Design

Staffed 24/5

www.daitpartners.com

Chile · India · Serving the US & Canada

WHO WE ARE

Your creative team, without the agency overhead.

DAIT Partners is a creative and technology partner for businesses across the United States and Canada. We design the brands, collateral and presentations that help companies win attention, explain ideas and close deals.

Our full-time teams in Chile and India hand work across time zones, so your project keeps moving 24 hours a day, Monday to Friday. The team that takes your brief is the team that delivers it — no subcontracting, no hand-offs, no re-explaining your brand.

Coverage, Mon–Fri

Primary focus

Creative Services

Brand identity, brochures, flyers, infographics, collateral, reports and social media banners — built on one visual system.

Primary focus

Presentation & Document Services

Pitch decks, templates, data visualisation and Word documents your team keeps editing long after handover.

> **"A one-page flyer gets the same senior art direction as a fifty-page report."**

01 · CREATIVE SERVICES

One visual system. Every touchpoint.

From your logo to your next social media campaign, we build creative that looks like it came from one brand — because it did.

01

Brand Identity & Logo Design

Logos, colour palettes, typography and brand guidelines that keep every piece consistent.

02

Brochure Design

Print and digital brochures that tell your story clearly, in hand or on screen.

03

Flyer & Poster Design

Bold, fast designs for events, promotions and launches — often in 1–2 business days.

04

Sell-Sheet Design

One-page product and service summaries your sales team can send or leave behind.

05

Infographic Design

Complex data and processes turned into visuals people actually read and share.

06

Corporate Collaterals

Business cards, letterheads, folders, banners and signage on your brand system.

07

White Papers, Case Studies & Reports

Thought-leadership documents designed to be read, trusted and remembered.

08

Social Media Banners & Campaign Creatives

Banners, covers, post designs and ad creatives for LinkedIn, Instagram, Facebook, X and YouTube.

Turnaround: flyers & social in 1–2 days · sell-sheets 3–5 · white papers 5–10

02 · PRESENTATION & DOCUMENT SERVICES

Decks that win the room.

Pitch decks, board reports and sales presentations designed to persuade — and built so your team can keep editing them after handover.

01

PowerPoint Presentation Design

Investor, sales and leadership decks with clear storytelling and polished visuals.

02

Animated & Interactive Presentations

Motion, transitions and clickable navigation for decks that need to impress.

03

PowerPoint Formatting & Redesign

Messy decks cleaned up, standardised and brought on-brand.

04

PowerPoint & Word Templates

Master templates your whole team can use without breaking the design.

05

Data Visualization

Charts and dashboards that make numbers easy to understand at a glance.

06

Word Document Design & Formatting

Proposals, reports and manuals laid out professionally and consistently.

07

Document Redesign & Rebranding

Existing document libraries refreshed to match a new or updated brand.

✦

Full decks in 5–10 business days

The delivery date is written into your quote. Miss it, and the rush fee comes off the invoice.

Every file handed over editable, on-brand and with full IP transfer.

03 · WEB DESIGN & DEVELOPMENT

Sites that load fast. And keep working.

Fast corporate sites and landing pages designed inside your brand system and handed over ready to publish — with the hosting, integrations and upkeep behind them.

01

Corporate Website Design

Multi-page corporate sites designed inside your brand system, responsive from the first screen.

02

Landing Pages & Website UX

Conversion-focused landing pages, UI/UX design and mobile optimisation.

03

Custom & WordPress Development

Custom builds, WordPress development, portfolio sites and full website redesigns.

04

Setup & Integrations

Domain and hosting setup, SSL, lead forms, payment gateways and CRM integration.

05

Website Maintenance

Content updates, fixes and AMC maintenance packages so the site stays current.

06

HTML Email & Newsletters

Email template design and build, campaign emails and signature design.

07

Accessible Files (WCAG)

Accessible PDF remediation, tagged Word documents and WCAG / Section 508 checks.

08

Content Upload & Formatting

Content uploaded, formatted and checked across every device.

Handed over ready to publish, inside your brand system, with full source files.

04 · SOFTWARE & APPLICATIONS

From concept to a working product.

Web apps, client portals and mobile apps built in phases and handed over as a working product with documented source code.

01
Custom Software Development
Bespoke systems built around how your team actually works.

02
Web & Mobile Applications
Cross-platform web and mobile apps, from first screen to final build.

03
SaaS, MVP & Prototypes
SaaS products, MVPs and proof-of-concept builds to test an idea before scaling.

04
Client & Employee Portals
Customer and employee portals, document management and client systems.

05
Dashboards & Admin Panels
Internal dashboards, admin panels and workflow management systems.

06
CRM, ERP & Platforms
CRM development and customisation, ERP modules, billing and booking systems.

07
APIs, Integration & Databases
API development and integration, third-party connections, databases and migrations.

08
Modernisation & Support
Legacy system modernisation plus ongoing software maintenance and support.

Built in phases · documented source code · full IP transfer

05 · MULTIMEDIA

Video that fits every channel.

Video and motion content edited for web, social and internal channels. Every deliverable is captioned and versioned for the platforms you publish to.

01

Short & Long-form Editing

Short-form and long-form edits, YouTube cuts and social reels.

02

Interview, Webinar & Event

Interview, webinar and event footage cut down into something people actually watch.

03

Corporate & Promotional Video

Corporate films, promotional pieces, product demos and testimonials.

04

Training & Tutorials

Training videos, video presentations and screen-recorded tutorials.

05

Explainer & Animation

Explainer videos and animated explainers that make a complex offer land.

06

Motion Graphics & Logo

Motion graphics, logo animation, intros, outros and micro-animations.

07

Audio & Post-production

Podcast and audio editing, voice-over integration and audio clean-up.

08

Subtitles & Platform Versions

Subtitling, captions and resizing for every platform you publish to.

Every deliverable captioned and versioned for the platforms you publish to.

06 · PROCESS AUTOMATION & AI

The work nobody should do by hand.

Workflow automation, Python development, web scraping, data pipelines and AI-driven solutions — built, scheduled and monitored so they keep running on their own.

01

Business Process Automation

Approval flows, onboarding, notifications and document generation, end to end.

02

Reporting & Spreadsheet Automation

Excel and Google Sheets reports generated and emailed on schedule.

03

Python Scripts & Scheduled Jobs

Python automation, batch processing and recurring jobs that run without you.

04

Web Scraping & Data Mining

Large-scale and scheduled scraping, dynamic sites, Selenium and API extraction.

05

Price & Market Monitoring

Competitor price monitoring plus commodity and market intelligence data collection.

06

Data Pipelines & ETL

Cleaning, mapping, deduplication, ETL and source-to-database ingestion.

07

AI & Intelligent Automation

Chatbots, RAG knowledge assistants, LLM integration and agentic workflows.

08

Intelligent Document Processing

Automated extraction and classification from PDFs, invoices and scanned files.

Monitoring, logging and failure alerts built into every pipeline we deliver.

WHY DAIT

Always on. Always all in.

One accountable team

The people who scope your work are the people who do it. Nothing is subcontracted or white-labeled.

Work that never sleeps

Chile covers the North American day; India picks up as you sign off. No overnight surcharge.

One standard for everything

Senior-level attention on every piece, whatever its size.

Your brand, followed exactly

We work inside your guidelines and hand over full source files with complete IP transfer.

Procurement-ready

W-9, NDAs, POs and Net-30 handled once — for every service.

Two clean revision rounds

Full design for review, then consolidated feedback — never a drip of one-off tweaks.

How it works

1

Brief

Tell us the outcome, the deadline and your brand system.

2

Scope & quote

Fixed price, scope and date in writing within one business day.

3

Create

Full design for review, then two consolidated revision rounds.

4

Handoff

Print-ready files, editable sources and full IP in one place.

Special discount on your first project.

No retainer, no obligation — approve the quote and we start.

WHAT WE DO

One partner for creative, technology & automation.

Creative, document, web, software, multimedia and automation capabilities delivered by one integrated team. Engage us for a single project, or combine disciplines without coordinating separate agencies, developers and specialist vendors.

03
Web Design & Development

Corporate sites, landing pages and the hosting, integrations and upkeep behind them.

04
Software & Application Development

Web and mobile applications, client portals, SaaS platforms, APIs and internal systems.

02
Presentation & Document Services

PowerPoint design, decks, reports and Word systems your team keeps editing after handover.

05
Multimedia

Corporate and explainer video, motion graphics, audio post and captioning.

01
Creative Services

Brand identity, corporate collateral and campaign creative, built on one visual system.

06
Business Process Automation & AI

Workflow automation, Python and web scraping, data pipelines and AI-powered workflows.

ONE TEAM | **Six services. One powerful partner.**
